👤 PROFILE

I am passionate about software development with a strong desire to learn and grow in the field. I am familiar with various programming languages, frameworks, and technologies, and I have experience in web application development using CMS (Content Management Systems). Currently, I am studying Software Analysis and Development at Sena, with a focus on acquiring new skills and knowledge in web and mobile application development, as well as staying up-to-date with the latest market technologies and trends.

I'm always ready to take on new challenges and fulfill different roles.

👜 WORK EXPERIENCE

Habitante siete (WordPress website development)

05/2023

For this Freelance project I designed a digital newspaper for the Zona Robledo in Medellín. **Habitante siete** ✓

Using the WordPress platform, I created a modern and attractive interface that allowed readers to access relevant news in an intuitive way.

In addition to the functional development of the website, I also made extensive CSS modifications to customize the appearance so that the design had the visual identity of the newspaper.

Consejo Comunal de Planeación Comuna 7 Robledo (WordPress website development)

07/2022

For this Freelance project I designed an informative web page

ccpc7.org ✓.-Consejo Comunal de Planeación Comuna 7 Robledo

Using the WordPress platform, I created a page where the relevant information of the Comuna 7 Robledo Communal Planning Council is interactive and dynamic.
